

How to search for Awards

If you already know the name of the award you would like to view you can simply type the name of the award, or part of the award name, into the search bar at the top and click "Go".

To view the criteria of the award, click on the name of the award.

Scholarship Name	# of Awards	Award Value	Deadline	Award Category	Faculty of Study
TD Bank Group Bursary in Energy and Environmental Studies	2	Variable	02-Oct-2017	Continuing	Engineering and Applied Science, Science, Arts

This first screen you see will likely be the most useful. It shows the specific eligibility and criteria for the award and the official award write-up.

Filtering Awards Lists

There are a few different ways that you can filter the lists of awards to make it easier for you to review. The two filters that are the quickest and easiest way to narrow down your search are on the *Faculty of Study* (once for your faculty, and then remove it and filter again for “all”) and sort the *Min # credits completed*. If you have completed less than what is listed, you will not be eligible for the award.

Option 1: Magnifying Glass

Click on the magnifying glass icon and select the criteria you would like to filter on from the drop down menu.

Q- [Go]

- All Columns
- Scholarship Name
- # of Awards
- Award Value
- Deadline
- Award Category
- Faculty of Study**
- Field of Study
- Min # Credits Completed
- Max # Credits Completed
- Aboriginal
- Disability
- Female
- Travel
- Status within Canada

Type what you are searching for in Search Bar.

A search bar with a magnifying glass icon on the left. The text 'Faculty of Study arts' is entered. To the right of the text is a 'Go' button and an 'Actions' dropdown menu.

Click "Go".

The same search bar as above, but the 'Go' button is circled in red to indicate it should be clicked.

This will narrow the list down to include all of the awards that include Arts in the Faculty of Study column. This is the recommended filter for the Faculty of Study column, as it looks for Engineering anywhere in the list, and will therefore pull in awards that are open to multiple faculties.

Faculty of Study contains 'arts'

1 - 15

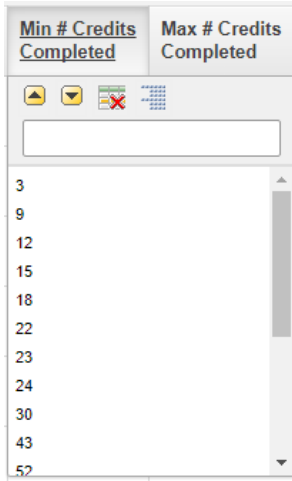

Scholarship Name	# of Awards	Award Value	Deadline	Award Category	Faculty of Study
Religious Studies Founders Scholarship	1	\$1,200.00	02-Oct-2017	Continuing	Arts
Rose Jeanne Souillart Clay and Pierre P.F. Clay Scholarship in French	1	\$5,400.00	02-Oct-2017	Continuing	Arts
Ross Harold Wotten Scholarship in the School of Journalism	1	\$800.00	02-Oct-2017	Continuing	Arts
Sam and Bella Mills History Scholarship	1	\$1,700.00	02-Oct-2017	Continuing	Arts
SaskEnergy Aboriginal Scholarship	1	\$2,500.00	02-Oct-2017	Continuing	Arts, Business Administration, Engineering and Applied Science, Science

Option 2: Column Header

Another option is to click on the titles across the top header and select the criteria you would like to filter or sort on.

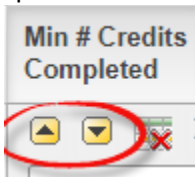

Scholarship Name	# of Awards	Award Value	Deadline	Award Category	Faculty of Study	Field of Study	Min # Credits Completed	Max # Credits Completed
------------------	-------------	-------------	----------	----------------	------------------	----------------	-------------------------	-------------------------

A drop down menu should appear that contains all the criteria values in that column.

Select the criteria you are searching for. For example, if you want to find awards that are for students who have completed 23 credit hours, click on the 23.

Note: This filtering method limits you to those awards that exactly match that criteria. You may want to sort this column instead, using the yellow arrows and look for awards requiring less credit hours than you have completed. Check the bottom of the list as well for awards that do not require completion of a specific number of credit hours.

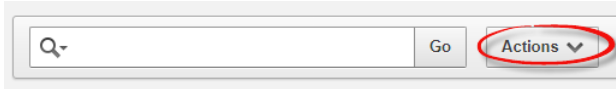

You can use this drop down filter on any of the header rows. For example, you might also choose to filter on Award Category.

Scholarship Name	# of Awards	Award Value	Deadline	Award Category	Applicants Required	Faculty of Study	Field of Study	Min # Credits Completed	Max # Credits Completed
Saskatchewan Science Fair Scholarship	1	\$800.00	16-Mar-2015			Engineering and Applied Science, Science	All, All	-	-
Saskatchewan Teachers' Federation Prize	1	\$600.00	3-May-2015	Continuing Convocation		Education	All	120	-
Saskatchewan Teachers' Federation Scholarship	3	\$2,400.00	01-Oct-2015	Entrance and Continuing		Education	All	23	-

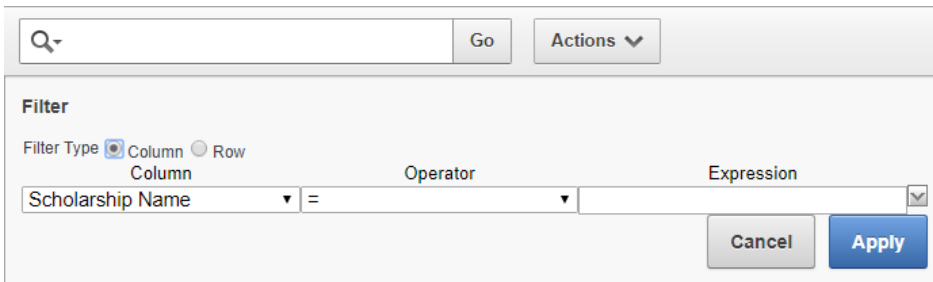

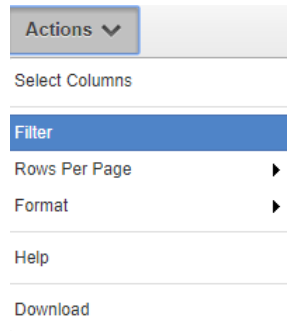

- If you're a student entering the University of Regina for the first time, you will select either "Entrance" or "Entrance and Continuing", as you are considered an Entrance student.
- If you are a student who has completed at least one semester at the University of Regina, you will select either "Continuing" or "Entrance and Continuing", as you are considered a Continuing student.
- If you are completing your degree and want to see what Convocation awards are available, you will select "Convocation".

Option 3: Actions Button

The "Actions" button to the right of the search bar is also useful for narrowing down your search.

Click on the “Actions” button and select “Filter”.

For example, if you are a Science student wanting to view all awards and scholarships specifically for Science students you can use the “Actions” button to do so. After choosing “Filter” from the “Actions” button, change the “Column” drop down to *Faculty of Study*, change the “Operator” to *contains* (rather than equals =) and type *science* into the “Expression” field. This will ensure that all awards that are open to Science students will be found. Click “Apply”.
